*Re: ICAR Accredited Laboratory for parentage testing by STRs*

Dear Dr. Bucek,

The ICAR Board during its recent meeting held in Rome in December evaluated your application which had been reviewed and presented by the Genetic Analysis Working Group.

ICAR Secretariat is pleased to inform about the positive result of your application. The ICAR accreditation to your laboratory for "STR based parentage testing" in cattle has been granted.

This information and the name of your laboratory will be soon published in the ICAR web site at:  
<http://www.icar.org/index.php/icar-certifications/certification-accreditation-dna-genetic-laboratories/accredited-laboratories-for-parentage-testing-in-cattle/> .

With best regards.

Yours sincerely,

Cesare Mosconi
